Dear Peter,

I just wanted to write you and thank you again for the great opportunity. Now that I have been home for a few days, I really have had time to think about the whole experience. I have to admit that it has been the most amazing time of me life. The Beginnings workshop is definitely something that has changed the way I look at myself and the world around me.

There were so many events that were extraordinary, but there are a couple of the things that really stand out in my mind. The seminars with the different instructors, especially Justin Greer and Ben Cameron, were very valuable to me because I had the opportunity to ask questions and learn from their knowledge. I was very excited to come home and demonstrate the dance combinations I learned. Also, I had never done any acting previous to the workshop and the class with Natalie Ellis really opened my eyes to acting. I am thinking about auditioning for future plays in my school and community.

Words can't really express the appreciation I have for being allowed to participate in the best workshop ever! *(I think I even have developed a taste for tofu.)* Hopefully, I will have the opportunity to work with you in the future. I am looking forward to the start of a remarkable career.

Yours truly,

Sydney Bartunek
