Hi, Mr. Sklar!

Thank you very much for providing such wonderful opportunities for Aimee to learn, grow and be inspired. As a parent and first timers, we had no idea what to expect when we picked her up yesterday. Our hope was that she had a wonderful time and learned from the experience. When she hugged me for the first time since we kissed her good bye last week, she told me her tears were both happy and sad. She was so happy to see us and to be going home, but she was sad to have to say goodbye to the many new friends she made. Her cabin really bonded with each other. Mr. Sklar, Aimee told us that this workshop was a life changing experience for her, she shared with us the many amazing things that she learned, she spoke so highly of the talented teachers, the friendly chaperones and the wonderful staff, she went on for hours. Her dad and I were so thrilled to see such enthusiasm and excitement in her face. She loved every minute of the workshop and she came home so inspired. Aimee is very passionate about her dream to perform and your workshop just fueled her passion even more. Thank you for making this such a positive, enriching experience, for exposing her to such talented people who re-affirmed her desire to follow this path in the future. Thank you, thank you, thank you for everything!!!☺

With much gratitude and appreciation,
Clyde and Sue Jokinen
