Dear Peter:

I just wanted to let you know how much my daughter, Michelle, enjoyed the Workshop. Taking into account her age of 5 1/2 years, she immensely enjoyed the group workshops, the jazz sessions and the rehearsals of her monologue. She still talks about the workshop and to my surprise can recall other childrens' monologues. I felt that the workshop was a rewarding and growing experience for Michelle and I'm sure she feels the same.

Sincerely,

Cathleen L. Muraski
