August Workshop

From Jackie f

Peter,

Hi this is Jackie Fraley, Logan Fraley's mom, we just wanted to thank you for the fantastic opportunity Logan was given with this workshop. He had a great time and learned a lot - yes he had homesickness issues in the evenings but he persevered and is happy with himself and everyone (ie you, chaperones) for helping him through. We received his evaluations (thank you for getting them out so quickly) and they were great. Logan was so very proud of himself for the comments he received.

Again thank you for giving him this opportunity,

Jackie  
Fraley
